E&T TAG Road to Work

Employment & Training Service Outcomes

Agency:							
Consortium Member/ Contracted Agency	Funding Source	Total Road to Work E&T Services Enrollments	Total FT Entered Employment Goal	Entered Employment with Health Benefits	Employment Retained at Least 90 Days	Total Cash Assistance Employment Goal	Grant Terminations
Column A	B	C	D	E	F	G	H
	Road to Work						
	Road to Work						
	Road to Work						
	Road to Work						
	Road to Work						
Road to Work Total		0	0			0	0
Column A	Enter each refugee consortium member/contracted agency name that receives E&T TAG Road to Work Funding						
Column C:	Enter the number of refugee participants to be enrolled in Employment activities (Refugees with Employability Development Plan in the contracted period). Note: this number has to correspond with SS total number of participants in Employment Services in Attachment						
Column D:	Assign a (full-time) entered employment goal by projecting how many refugees participating in SS E&T Services your agency will place into employment. (Recommend reviewing current caseload, projected newly arriving refugees who will need services, and proposed funding). Total employed may include refugees enrolled in co-case management with partner agencies including WIA and W-2. If an agency is applying for both Social Services Employment and Training funds and Road to Work funds, all numbers should be unduplicated in the two programs--refugees may be enrolled/counted in one program or the other, but not both.						
Column E:	Out of the number of entered employment how many will receive health benefits at time of employment or after a period of being employed.						
Column F:	Out of the number of entered employment how many will retain their jobs after 90 days.						
Column G:	Indicate how many of the entered employments in Column C will be receiving cash assistance at the time of enrollment.						
Column H:	Enter the number of Grant Terminations you expect to result from the Entered Employments you projected in Column G. Based upon our past experience, we anticipate that for every \$8000 in total social services employment and training funds awarded, an agency should be able to assist a refugee on cash assistance terminate dependency on cash payments. Agencies should project a cost per grant termination of approximately \$8000 (Total E&T budget/# of Grant Termination)
